3. Qualitative Information on Quarterly Consolidated Financial Performance
(1) Explanation of Results of Operations

Forward-looking statements in this Consolidated Summary Report are based on information available to management as of the end of the third quarter of the fiscal year.

BOOKOFF GROUP HOLDINGS LIMITED was established as pure holding company and the wholly owning parent company of BOOKOFF CORPORATION LIMITED on October 1, 2018 through a transfer of stock. However, for all practical purposes, the scope of consolidation is unchanged from the previous scope of consolidation of BOOKOFF CORPORATION.

Consolidated financial statements for the first nine months of the current fiscal year (April 1, 2018 - December 31,2018 ) succeed the quarterly consolidated financial statements of BOOKOFF CORPORATION that became a wholly owned subsidiary through a transfer of stock.

Consolidated financial statements up to the fiscal year before last are not presented as the Company was established on October 1, 2018.

Since the start of operations, the BOOKOFF Group has always been guided by the two corporate philosophies of "contributing to society through our business activities" and "the pursuit of employees' material and spiritual wellbeing." We are currently implementing a medium-term business plan that ends in the fiscal year ending in March 2021, when we will celebrate our 30th anniversary. We are rededicating ourselves to our corporate philosophies and focusing our activities on the mission of "being a source of an enjoyable and prosperous life for many people."

Based on this mission, we will use our strengths in Japan's growing reuse market to become the leading reuse company with books as the core category. Our goal is to become the reuse store chain used by the largest number of customers as we adapt to changes in market conditions.

We have established two core strategies in order to accomplish this goal.

Core strategy I: Upgrade individual stores
We believe that upgrading reuse services in both our retail format and Internet platform is the starting point for becoming Japan's leading reuse company that serves the largest number of customers. We are working on improvements for all store format packages and services.

Core strategy II: Use all the BOOKOFF Group's strengths
In the past, the BOOKOFF Group provided separate services at stores and through channels other than stores. Now, we are creating an integrated framework that combines the platforms for members and buying and selling merchandise with systems that support these activities and with other items. In addition, every service will make full use of member and merchandise information, operational expertise, and other resources we have accumulated in each service category. The objective of these activities is to operate as "One BOOKOFF."

There were many activities during the first nine months for accomplishing these strategic goals. In the Reuse Store Business, more merchandise categories were added to stores to reflect the characteristics of each store's market, new stores BOOKOFF SUPER BAZAAR Hiroshima Dambara and BINGO Shibuya MODI were opened, and the third Jalan Jalan Japan store was opened in Malaysia. In the BOOKOFF Online Business, there were measures for improving the efficiency of distribution warehouse operations. As the first step toward achieving the "One BOOKOFF" concept, membership IDs in the BOOKOFF Online Business and at BOOKOFF stores were integrated and BOOKOFF released an official app.

As a result of these efforts, consolidated net sales amounted to $¥ 59,588$ million. The Group recorded an operating profit of $¥ 1,296$ million, an ordinary profit of $¥ 1,772$ million, and profit attributable to owners of parent of $¥ 945$ million.
